Instructions to Shanbhogs for writing up the Régister.

Column 1 should be filled up with reference to Pahani and verified by the Survey and P. W. Departments.

Entries relating to each tank, channel or irrigation well should be made separately and the totals worked out.

Inam survey numbers may be written first and then Sircar numbers.

Unoccupied survey numbers should be entered in red ink.

Bound volumes (with pages numbered) should be used and the Register preserved permanently, noting the changes, if any, from time to time.

For Taluk Office.

All the lands comprised in the atchkat of a tank, chappel or well in one or more villages, should be entered against each source. Bound volumes should be used, The Register need not be maintained villagewar.
